

**sharing your ride?
we've got you covered.**

Safeco® RideSharing Coverage™

As a ride-share driver, you may have incomplete auto insurance coverage while driving for a transportation network company (TNC). Safeco's Auto Policy, like many other personal auto policies, excludes coverage for a vehicle while you're logged into a TNC app. Safeco RideSharing Coverage* extends your Safeco Auto Policy so you get more complete coverage.

Here's why you need Safeco RideSharing Coverage™

It's simple: you want to be protected at all times you're driving your vehicle. If something happens on the road and you have incomplete coverage, it can be devastating. We don't want that to happen. That's why we created this specialized coverage that extends your Safeco Auto Policy to give you more complete coverage while you're driving for a TNC.

Where's the coverage gap?

COVERED BY YOUR SAFECO AUTO POLICY	 YOU MAY HAVE INCOMPLETE COVERAGE*	COVERED BY THE TNC**	COVERED BY THE TNC**
 RIDE-SHARE APP OFF	 RIDE-SHARE APP ON AND AVAILABLE	 PASSENGER MATCH	 PASSENGER IN VEHICLE
You're driving the vehicle for personal use with your TNC app off.	You turn on your ride-share app and are available to drive for your TNC.	The TNC app makes a passenger match and you drive to pick up your passenger.	The passenger gets in your vehicle and you drive them to their destination.

How much does it cost?

Safeco RideSharing Coverage is available for as little as \$10 per month, making it a very affordable way to share your ride with confidence.

What are the benefits?

Simply put: peace of mind.

How can I file a claim?

We're always here for you. You can reach us 24 hours a day, seven days a week, by calling 1-800-332-3226.

With the endorsement, all coverages, optional coverages, and coverage levels the customer purchased for the personal-use auto policy will extend during this period of time. For example, if the insured's Safeco Auto policy includes liability, comprehensive, collision, Med Pay, and UM/UIM, those coverages will be available. The endorsement applies only to the vehicle identified for ride-sharing and does not provide coverage for other vehicles on the Safeco Auto policy.

*The TNC may provide some insurance coverage; check with the TNC for details. **The TNC may provide comprehensive and collision if the customer has purchased comprehensive and collision on their personal auto policy.
